MANUFACTURED IN SIALKOT, BUILT FOR THE WORLD

Sami Spall Industries is a garment manufacturing company based in Sialkot, Pakistan, operating since 2019. We produce two focused product lines **Spall Sports**, our teamwear and performance apparel division, and **Spall Studios**, our streetwear and cut-and-sew division giving international brands, clubs and distributors a single manufacturing partner for both athletic and lifestyle apparel programs.

Our facility handles the full production cycle in-house: pattern development, cutting, sublimation and screen printing, embroidery, sewing, quality control and export documentation. We currently export to clubs, resellers and streetwear brands across the **United Kingdom, European Union and Australia**, and we are actively expanding our partner network across North America.

SPALL SPORTS

Teamwear and performance apparel match kits, protective accessories and training gear for clubs, leagues and sportswear brands.

SPALL STUDIOS

Streetwear and cut-and-sew production heavyweight tees, hoodies and fashion apparel for independent and established labels.

One Factory. Two Product Lines. Zero Middlemen.

Every order ships direct from our Sialkot facility — talk to us at **www.samispall.com**

PRODUCTION CAPABILITIES

Everything your brand needs to launch or scale a teamwear or sportswear program, produced under one roof in Sialkot.

- ✓ **Full-Package (OEM/ODM) Production**
  From raw fabric to finished, labelled garment we manage the entire production chain under one roof.
- ✓ **In-House Printing & Embroidery**
  Sublimation, screen printing, embroidery, heat transfer, rhinestone and DTF finishing, all produced on site.
- ✓ **Custom Pattern Development**
  Every style is pattern-drafted and graded to your specification, not adapted from stock blocks.
- ✓ **Flexible Product Range**
  Teamwear kits, protective accessories and everyday sportswear produced on the same manufacturing base.
- ✓ **Export-Ready Documentation**
  Commercial invoices, packing lists and shipping documentation prepared for smooth international customs clearance.
- ✓ **Direct Factory Communication**
  You work directly with our production team no agents, no middlemen, no added mark-up.

REAL GARMENTS. REAL FACTORY.

FINISHING TECHNIQUES

Every product line can be finished using any combination of the techniques below, matched to your design, budget and durability requirements.

Sublimation Printing
Full-garment, edge-to-edge colour and graphics that never crack, fade or peel.

Screen Printing
Bold, high-opacity graphics ideal for large logo placements and solid colourways.

Embroidery
Structured, premium finish for crests, wordmarks and captain detailing.

Heat Transfer / Vinyl
Fast-turnaround custom numbering, names and small-run personalisation.

Rhinestone Detailing
Statement embellishment for streetwear and premium fanwear pieces.

Puff & Embossed Print
Raised, tactile branding for a premium streetwear finish.

DTF (Direct-to-Film) Printing
Detailed, full-colour graphics with durable stretch-resistant adhesion.

Woven Labels & Custom Trims
Branded neck labels, hem tags, drawcords and zipper pulls.

FABRIC LIBRARY

- Polyester Interlock
- Pique Mesh
- Micro-Mesh
- Dry-Fit Moisture-Wicking Polyester
- Spandex / Lycra Performance Blends
- French Terry
- Brushed-Back Fleece

OUR PRODUCTION PROCESS

01 **Design & Digital Mock-Up**
Your concept, colourways and branding turned into a full digital tech pack for approval.

02 **Fabric & Trim Sourcing**
Fabric, thread, and trim selected to match performance requirements and budget.

03 **Sample Development**
Physical sample produced and shipped or reviewed for fit, print and construction sign-off.

04 **Pattern Grading & Cutting**
Precision grading across your full size run, cut for consistent fit at every size.

05 **Printing & Embroidery**
In-house sublimation, screen print, embroidery and specialty finishing applied.

06 **Sewing & Construction**
Cut-and-sew assembly on dedicated lines by trained garment technicians.

07 **Quality Control**
Every batch inspected for stitching, print accuracy, sizing and finish before packing.

08 **Packing & Export Documentation**
Individually packed, labelled, and documented for smooth customs clearance.

09 **Worldwide Shipping**
Air or sea freight coordinated to your delivery window, tracked door to door.

HOW TO PLACE AN ORDER

A simple, direct process from first message to delivered order no agents, no middlemen.

1

Share Your Requirement

Send us your styles, sizes, quantities and target sports or product lines.

2

Receive a Design Proposal

We turn your brief into a digital mock-up and tech pack for your review.

3

Approve a Sample

A physical sample is produced and approved before bulk production begins.

4

Confirm Production Timeline

We lock in your production schedule and delivery window.

5

Production & Quality Control

Your order is manufactured and inspected batch by batch.

6

Shipping & Delivery

Your order is packed, documented, and shipped to your door with tracking.
